Wells Now Located At Randolph Field

Cadet Wayne L. Wells, 27-year-old son of Mr. and Mrs. Cecil H. Wells of 272 Grand St., Redwood City, is now at Randolph Field, Tex., having been promoted to that army post after completing the course at Corsicana, Tex. He will probably get his wings at Randolph Field. Wells, who enlisted in the army Nov. 11, 1941, was graduated from Sequoia High School in 1933 and then attended the Drew School in San Francisco. He also studied voice with private teachers.

Norman Green Leaves For Post With Navy

SAN CARLOS — Having been commissioned a lieutenant commander in the U. S. Naval Reserve and called into service, Norman Green of 1315 San Carlos Ave., with Mrs. Green, will leave soon for Seattle, Green, an

engineer, has been engaged on several local projects. An archer, he belongs to the San Carlos Athletic Club. Mrs. Green is a past president of Community Players and has been active in other club and civic work.

Atherton Man Author Of Full-Length Novel

Samuel W. Taylor of Stockbridge Ave., Atherton, author of several hundred short stories, is the author of a full-length novel in the current issue of Blue Book.

Titled "A Man Can't Quit," the story is a "modern Western" one with an "upside down angle" in which the hero is a sheep man, according to the author.

"This is revolutionary in the Western field," he explained today, since usually the cattle man is the hero in such a story.

Taylor, who lived in Palo Alto for six years before moving to Atherton with Mrs. Taylor last June, has written for Collier's Country Gentleman, Liberty, This Week and other magazines and has a story coming in the April issue of Esquire titled "Hank Johnson's Brother."

Singing Also Due Sunday

Modern popular melodies will be interspersed with some of their old favorites when members of the Redwood City Municipal Band play a concert at 1 p.m. Sunday in Sequoia High School Auditorium as a prelude to the showing of films on bombings in England and how to fight incendiary and other bombs if they fall here.

Mayor Harold F. Anderson said there would be two showings of the series of pictures, one beginning at 2 p.m., one at 4 p.m., but only the one band concert.

Bernard W. McCann will direct the band and Otis M. Carrington, head of Sequoia High School's music department, will lead community singing.

Among the new numbers to be featured by the 30-piece band are "White Cliffs of Dover," "Any Bonds Today," "Arms for America," and "Angels of Mercy."

"There will also be a song sheet placed on each seat of the auditorium to give all of the youngsters the words to the songs in the community sing," Mayor Anderson said.

The films to be shown have been selected to suit the needs of defense councils and the several organizations dealing with civilian protection.

Andrew Spinaz, superintendent of Redwood City Elementary School System, will supervise the showing of the pictures.

George Steed Marries In Reno Ceremony

BURLINGAME—George Steed, son of Mrs. Margaret Steed of Burlingame, was married Sunday in Reno to Irene Nordt, daughter of Mr. and Mrs. E. F. Nordt of Burlingame. Steed returned to the United States last Wednesday after serving six months in Scotland with the Royal Air Force as a civilian mechanic.

While in the British Isles, he saw several German air raids. He is now on a month's leave of absence, but plans to enlist in the United States armed forces.

He is brother of Andrew and Fred Steed and Mrs. Lawrence Wright of San Mateo. In 1940 he was tried for the murder of his father but charges were dismissed after a jury failed to agree in his trial.

MENLO PARK NEWS

BY D. E. O'KEEFE

MENLO PARK — Little or no interest is being manifested in the approaching municipal election that takes place Apr. 14. The last day for filing for positions on the council is Mar. 14. The terms of Carroll, May and Cooper expire and it is understood these men will not be candidates. They have served the people well and could be re-elected without opposition. No one seems to want the job of trustee which carries no pay and sometimes much criticism and abuse. The clerk and treasurer do not run until two years from now.

Now that the weather has cleared it is said that work will commence at once on three new buildings on the Flood estate, six in Felton Gables and six in Stanford Park. The contracts for these buildings were let last December.

It was announced yesterday that the highway commission would resume work of moving back the buildings on the highway in town. Many of the structures have already been set back and only for the inclement weather the work would have been completed long ago.

The tire shortage will cause many of those new cars bought around the last of the year to remain in the garage for the duration of the war. A young couple recently married who intended to make a belated honeymoon trip to Alaska this coming summer will be disappointed. Better luck next time.

The vast number of wild pigeons seen here during the winter are leaving for their far-away summer home in the green hills of Idaho.

LISTEN, FOLKS- TREAT ME WELL
I'm getting fewer and fewer because I am made of needed metals that have marched off to help win this war. Steel, copper, zinc, brass and nickel are precious metals today. If I serve you now treat me well so I can serve you well. You see I am in the Health Corps. I wash clothes, scald dishes and do general clean-up duty about the house.

If you are needing an AUTOMATIC GAS WATER HEATER ...Better Not Wait!
There is, of course, no need to buy a water heater if you do not need one. That's foolish buying. If, however, your present water heater shows signs that it cannot stand up in duty on the home front for the duration, then you had better get one that will.
The efficient service of an Automatic Gas Water Heater will be a big help to you. A plentiful supply of hot water is a step in economy, because it cleans clothes, dishes, floors and walls speedier and with less soap.
Check over your present water heater. If you NEED a new one, it would be wise to act soon.

Red Cross Activity

Casualty Stations Being Rapidly Equipped

In event of a disaster in this area, Redwood City would be well-equipped to care for wounded, as a result of work of the Red Cross which is rapidly nearing completion.

A training and equipment program comparable to that in Honolulu, which is regarded as highly efficient, has been developed here, according to Mrs. Z. T. Thorning, chapter president. Within moments after bombs fell in Honolulu Dec. 7, rescue personnel was in action.

Training has been given here in first aid, home nursing, ambulance driving, making of surgical dressings and operation of canteens. Casualty stations, mobile obstetrical units and first aid stations are being rapidly equipped.

Because of the lack of hospital facilities locally it has been necessary to equip casualty stations more completely than otherwise. This has been a costly problem for the Red Cross chapter to deal with and one of the reasons why the

present fund drive is so necessary.

Major casualty stations have been set up at Redwood City Clinic, Monteith Clinic and Midfield Road Hospital. These units are equipped to handle X-ray, plaster cast and minor surgery cases. They are staffed by doctors, registered and practical nurses, Red Cross first aiders, dentists and messengers.

Personnel and equipment is adequate to handle a great many cases that otherwise would be taken to Palo Alto, Community or Mills Hospitals and eliminates two hazards—the over crowding of these institutions, which also have to care for those within their immediate area, and the necessity of transporting over a military highway during the disaster period.

In addition to these three major casualty stations there are several minor casualty stations where a similar personnel organization, on a smaller scale, will be on duty.

These units are located in the Portola School, Woodside School, Washington School, La Pina Cottage, Las Lomas School, Fremont School, Howling's

home at Emerald Lake and W. A. Woenne's at Palomar Park, former Park Military Academy, Veterans' Hospital (minor casualties only), and Ravenswood School. The Lindenwood Tract office, Pacific Portland Cement Co. and Sequoia High School will also be used for this purpose.

In addition to these casualty stations the Red Cross Highway First Aid Stations, long in existence, will be available. They are located in fire stations at Menlo Park, Atherton, East Palo Alto, Redwood City, Woodside, Portola and Sky L'Ona.

Three obstetrical units, with registered nurses, are nearing completion. Two will be mobile. Adjoining two of the major casualty stations are evacuation hospital facilities where cots, blankets and other equipment are available to take care of cases involved in a disaster.

Nearly every service of the Red Cross needs expanding and anyone wishing to enroll in a class to serve his community during this emergency is urged to contact the Red Cross headquarters at 733 El Camino Real or telephone Redwood 118 for information regarding classes, hours, meeting places.

Two Local Stores Have New Managers

Two chain stores in Redwood City now have new managers.

E. M. Hart, formerly of Los Angeles, succeeds Michael J. Hoffman as manager of the F. W. Woolworth & Co. store. He has been with the company 11½ years. Mr. and Mrs. Hart have moved to San Carlos. Hoffman was transferred to Los Angeles. Bruce John is now manager of the local Western Auto Supply Co. store, having succeeded Howard West, who was transferred to Palo Alto. John has been with the Western Auto Co. 11 years, and came here from San Leandro, where he was assistant manager. He and Mrs. John and their 9-year-old son, Verne, have moved to Menlo Park.

FACES DRIVING CHARGE
Emile C. Larrouy, 49, machinist of 235 Bradford St., Redwood City, was arrested Tuesday by Redwood City police on charges of driving while drunk. He was released on \$100 bail.

Fashion Issues A Call to Color

Miss Dorothy Maloney of Montgomery Ward's Fashion Department has just returned from San Jose, where she attended a Spring fashion forum conducted by Miss Olive Smith, nationally-known stylist and fashion authority.

Full of enthusiasm for the new Spring styles Miss Maloney said that "the picture for Spring, 1942, looms bright indeed. Never have we seen so much color, so much appealing femininity in clothes. Casual suits and soft two-piece dresses will be more important than ever, with a new easy drape and softness. Afternoon dresses will be dressier, more colorful, frankly feminine."

Asked whether the war was expected to have any influence on fashion, Miss Maloney replied, "Definitely. We will see it first in the predominance of color. American women don't like to wear black in wartime. They prefer brighter, cheerful, 'helpful' colors. Navy will be especially good this Spring. And pastels! Pastels are patriotic!"

Miss Maloney went on to say that pastels, being lighter in shade, require smaller amounts of dye chemicals now so important for defense.

"Another interesting sidelight on this question," she continued, "is the importance of washable garments for Spring. They are not only good fashion, but good patriotism, too, since they do not require dry cleaning."

In hats the pompadour pillbox is the favorite of the younger set, but off-the-face flared hats are generally preferred. Small hats will be good style, small sailors especially, with bonnets holding their own. And again, color!

Prevailing rates of wages and scarcity of labor are causing increased use of farm machinery in New Zealand, says the Department of Commerce.

National sponsored vacation schools are open day and night in more than 500 cities of this country.

Barn and Home Are Threatened When Truck Burns

BELMONT—Fire which last night burned the cab and body of a cement contractor's truck parked on the old Yount Estate threatened a barn full of hay and a residence. Failure of a gasoline tank to explode while fire burned the seat above it saved the barn and the residence, firemen said.

The truck, ordinarily stored in

the barn, was left 10 feet outside the barn door. It belonged to Terence Corkery, Bayview Ave., Belle Monti.

Included in the loss were the rubber tires from two wheelbarrows, a quantity of hose and several sacks of cement damaged by water. The blaze was discovered by James Garino of Redwood City as he drove along

the Old County Rd. He notified the occupants of the residence and turned in the fire alarm at 8:32 p.m.

Assistant Chief William E. Curtis suffered a second degree burn of the left hand when he attempted to remove one of the wheelbarrows from the blazing truck.

When the alarm came in, 10

members of the Belmont Fire Department were assembled at the firehouse to take a refresher course in first aid. They and more responded to the alarm.

Japanese soldiers wear belts known as sennin-bari, which are believed to protect the wearer from harm.

SUMMONS
Action No. 33620—Dept. No. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

CALIFORNIA PACIFIC TITLE AND TRUST COMPANY, a corporation, plaintiff, vs. All persons claiming any interest in, or lien upon, the real property herein described or any part thereof, defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA:

To all persons claiming any interest in, or lien upon, the real property described or any part thereof, defendants, greeting: You are hereby notified to appear and answer the complaint of California Pacific Title and Trust Company, a corporation, plaintiff, filed with the Clerk of the above entitled Court and County, within three months after the first publication of this summons, and to set forth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situated in the City of San Carlos, County of San Mateo, State of California, particularly described as follows:

Portion of Lot 2 in Block 18, as designated on the map entitled "SAN CARLOS SAN MATEO CO. CAL.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on September 4, 1888, in Book "B" of Maps, at page 19, and a copy entered in Book 1 of Maps, at page 76, more particularly described as:

BEGINNING at a point on the southwesterly line of Laurel Street, one hundred seventy-five (175) feet northwesterly from the intersection of the southwesterly line of Laurel Street with the northwesterly line of Cypress Avenue, as said Street and Avenue appear on the map above mentioned; thence along the southwesterly line of Laurel Street, northwesterly twenty-five (25) feet; thence leaving said southwesterly line of Laurel Street and running southwesterly and parallel with the northwesterly line of Cypress Avenue, one hundred five (105) feet; thence southeasterly and parallel with the southwesterly line of Laurel Street twenty-five (25) feet; thence northeasterly and parallel with the northwesterly line of Cypress Avenue one hundred five (105) feet to the point of beginning.

And you are hereby notified that, unless you so appear and answer, the plaintiff will apply to the Court for the relief demanded in the complaint, to-wit: That it be adjudged that the plaintiff is the owner of said property in fee simple absolute; that the title to said property be established and quieted; that the Court ascertain and de-

Local Arsonist Is Convicted In 12 Minutes

In 12 minutes a jury of nine women and three men in Judge A. R. Cotton's department of superior court Wednesday convicted Millard A. Whitlock, 43, a Redwood City carpenter, faces a prison sentence of 1 to 14 years for burglary, 2 to 20 years for arson.

He was convicted of setting fire to the home of Joseph Sodini, Redwood City tavern owner, at 146 Westgate, Redwood City, Dec. 10. Asst. Dist. Atty. Daniel E. Sullivan was the prosecutor.

The case went to the jury at 11:08 a.m. and the verdict was returned at 11:20.

Whitlock will come before Judge Cotton for sentence Monday. His attorneys said they would move for probation.

Atherton Plans Only One Voting Precinct

ATHERTON — The Atherton Town Council Tuesday adopted a resolution setting up the plans for the April 14 municipal election, consolidating the community's five voting precincts into one and naming officials for the balloting.

Terms of three councilmen, John F. Brooke Jr., John W. Speyer and Charles F. Meyers, expire. All three have indicated they will run again.

Election officers will be Mrs. David W. Ingram, inspector, Mrs. Prosper E. Ruffer, Mrs. Leonard J. Kinney and Miss Ruth M. Donohoe, judges. All votes will be cast at the town hall.

Highway Job Is Thwarted

MENLO PARK — The Menlo Park City Council Tuesday requested that the community's planning commission schedule a public hearing for Mar. 9 to consider the proposed rezoning of an area at the rear of the Menlo Theater from residential to commercial property. The move was taken to facilitate moving of the theater to allow widening of El Camino Real.

Council action followed appearance of J. B. Woodson, representing the State Division of Highways, who reported that only the theater remains as an obstacle to the highway widening project.

"If things stand as they are now," said Woodson, "the time will come when we will have to cut the front of the building with resulting loss not only to the theater owner, but also to the city and state as well."

COULD MOVE RINK

Rezoning of the area between Live Oak and Menlo Aves. at the rear of the theater would permit moving of a roller skating rink now situated directly behind the picture house to a position at the front of the lot, facing on Live Oak Ave., and extension of the theater into the space now occupied by the rink. Since the rink is operating in a residential zone by sufferance, it could not be moved without a change in the zoning ordinance, according to City Atty. James O'Keefe Jr.

Although O'Keefe reported that the usual practice in rezoning procedures is to act after a petition has been filed by property owners involved, the state man said the roller skating rink owner apparently is not interested in taking such action. Under existing ordinances, the council is permitted to initiate action in rezoning an area. Action was taken under this ordinance.

O'Keefe told Woodson that if the project advances without protest, proceedings may be completed by Mar. 24.

TO MOVE FOUR SIGNS

Legal difficulties surrounding the moving of four signboards, only other obstacles to the highway widening, were removed when Foster & Kleiser, owners of the signs, agreed to meet specifications required in an ordinance of Menlo Park. To meet the requirements the sign company must construct its signs of non-combustible material.

Although a representative of the company reported at a former meeting of the council that steel was not available for the signs, a letter from the firm last night reported material had been obtained. The council authorized the building inspector to issue permits for the four sign boards.
